Berlitz Guides, Paul Murphy : Provence: Pocket Guide (Berlitz Pocket Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Provence: Pocket Guide (Berlitz Pocket Guides):

1 of 1 people found the following review helpful. Not a guide as much as a cute little bookBy H. QuinnThis is a good book if you dream of going to Provence or if you've been and you're looking for something to remind you of the trip. However, if you're looking for a guide book that'll actually get you through Provence, this one lacks the depth you'll need... you'd be better off getting one of the bigger Let's Go or Fodor's guides.

Packed with stunning photographs, easy-to-use maps, and all the information you really need to get the most from your visit! In this compact guide, our writers help you plan itineraries for short and longer stays. Complete with must-

see sights on and off the beaten track as well as current hotel and restaurant recommendations. And the convenient size of the guide allows you to take it along in your pocket or handbag. Take the world in your pocket next time and travel with this handy Berlitz guide.
