I have been to Provence before, but the illustrations, descriptions and info in this book are like reading a good book. I leave ET guides on my coffee table for all to enjoy. I highly recommend it. I always also travel with a road map of the region. I have my own accommodations (family and friends in the area) and they know the restaurants. If you need that type of info, then other travel guides might suit you best. I have a whole collection of ET guides and treasure all of them. Bon voyage.0 of 0 people found the following review helpful. A good guide book well illustratedBy BenjpanIt's a good guide book with lots photos, illustrations, drawings, etc. I hope it can give ranks of the places so that readers can get a priority list of where to go absolutely, and where are optional. This book can be a good assist book, if you have another one in hand.Photos are good.0 of 0 people found the following review helpful. Great as alwaysBy Alex DannI love this series of guides. They are the easiest to use and the best mark of their qualities is that when show them to in-country friends who I'm visiting, they always try to talk me into leaving the guide with them.

DK Eyewitness Travel's full-color guidebooks to hundreds of destinations around the world truly show you what others only tell you. They have become renowned for their visual excellence, which includes unparalleled photography, 3-D mapping, and specially commissioned cutaway illustrations. DK Eyewitness Travel Guides are the only guides that work equally well for inspiration, as a planning tool, a practical resource while traveling, and a keepsake following any trip.Each guide is packed with the up-to-date, reliable destination information every traveler needs, including extensive hotel and restaurant listings, themed itineraries, lush photography, and numerous maps.
