Charles Wolschon : Pubs to Have a Pint In: London before purchasing it in order to gage whether or not it would be worth my time, and all praised Pubs to Have a Pint In: London:

1 of 1 people found the following review helpful. My bucket list -sub bucket list!By kutedragonboyThanks Charles! Awesome book! Very informative and detailed descriptions. I'll have to hit some of these Pub locations once I get a chance to head out there on a trip. I'd love to get the Pubs to sign my book and get a picture posing in the same areas as the photography in the book.1 of 1 people found the following review helpful. Surprised, yes . . . in a good way.By Learning to CampLike a great brew, this book is crafted BEAUTIFULLY! The images and production value alone make it worth it's weight. I liked it a lot. I also found it to be rich in history. That surprised me, actually. I wasn't expecting much from a beer book . . . but I was wrong.1 of 1 people found the following review helpful. Five StarsBy samanthaGreat book, love the pictures and the history that went along with it.Will read again and again

London: A magnificent metropolis with hundreds of years of history, culture, economics, and of course, PUBS. The pub has been a staple of British tradition dating back for several centuries. These watering holes for the thirsty range from being historic, to the quirky, with a few being landmarks (thrown in for good measure), while some can just be a great place to have a nice pint of ale and a good conversation after a hard day's work. With centuries of tradition and so many great pubs around the city, searching for that "ONE" pub can be a fun, but lengthy adventure. Pubs to Have a Pint In: London is a full color book containing photos and in-depth historical text on thirty London pubs that the author felt had character, warmth, hospitality, and of course, a quality selection of ales and lagers. Whether the reader

is traveling to London, is a pub enthusiast, is a beer snob, or just looking for a different take on some of the more unique historical facts of London, if one cannot have a pint in these pubs, then reading this book would be the next best thing.
