Marc Dubin : Pyrenees: A Rough Guide, Third Edition (Pyrenees (Rough Guide), 3rd ed) before purchasing it in order to gage whether or not it would be worth my time, and all praised Pyrenees: A Rough Guide, Third Edition (Pyrenees (Rough Guide), 3rd ed):

14 of 14 people found the following review helpful. Looking forward to using this guide in France.By SaffronMarc

Dubins rough guide is a detailed and interesting book. He concentrates on the areas close to the mountains and gives interesting descriptions of small villages as well as larger resorts and towns. He includes recommended walks and rates the ski resorts. He assumes you will be walking or on public transport and so does not cover many hamlets and villages only reachable by car. Overall a very thorough book that I am sure will be invaluable on our trip there.

The most detailed single-volume guide to Europe's loveliest mountain range Veteran author Marc Dubin takes a fresh look at this unique mountain range, which unites the French, Spanish, and Andorran peaks and valleys. This guide has all the information you need whether you're out for serious up-country hiking (bears permitting), staying in one of the Pyrenean beach resorts, skiing on either side of the border, or touring the, tiny principality of Andorra.
