Francis Miltoun : Rambles in Brittany (Classic Reprint) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rambles in Brittany (Classic Reprint):

Excerpt from Rambles in BrittanyThe book is a record of many journeys and many rambles by road and rail around the coast, and in no sense is it put forth either as a special or as a complete survey Of things and matters Breton.Many lights and shadows have been thrown upon the screen from various points, but the effort has been made to blend them

all into a pleasing whole, which 'shall supplement the guide-books Of convention. It were not possible to do more than has been attempted within the limits Of a volume such as this, and therefore many details of routes, and historical data Of a relative sort, and a certain amount of topographical information have been scattered through the volume or placed in the appendix, in the belief that such information is greatly needed in a work at tempting to purvey travel talk, even in small measure. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
