Guy Hobbs : Retiring to Spain (Retiring Abroad) before purchasing it in order to gage whether or not it would be worth my time, and all praised Retiring to Spain (Retiring Abroad):

2 of 2 people found the following review helpful. Spain retirementBy olafmalydidn't help at all for the cause we bought it; maybe it is not possible to write a book like this, since everything changes to quick these days; the reality did not match up with the book; Spain is not as one thinks when reading the book;0 of 0 people found the following review helpful. Five StarsBy ShaferVery very in depth0 of 0 people found the following review helpful. Three StarsBy PatriciaGriffinIt is mostly written for British citizens

Spain is increasingly becoming the place of choice for the many retired people seeking to make a life abroad. Retiring to Spain is the definitive guide for those individuals in their third age of life who are wishing to move. The guide is packed with information on house-buying procedures, laws and regulations, healthcare and taxation, and includes in-depth accounts on the types and costs of accommodation and general cost of living. The guide also focuses on making the most of retirement, meeting new friends, and taking full advantage of the range of leisure pursuits that a warm climate and a new lifestyle allows. Retiring to Spain also includes first hand accounts from people who have successfully retired to the area, as well as pointing out senior concessions, includes lists of useful addresses and things to do.
