Rick Steves, Cameron Hewitt : Rick Steves' Croatia and Slovenia 2007 before purchasing it in order to gage

whether or not it would be worth my time, and all praised Rick Steves' Croatia and Slovenia 2007:

16 of 16 people found the following review helpful. Our guide to an incredible vacationBy Ed KohlerI just got back from a trip to Croatia, Slovenia, and Montenegro planned by my wife using this book. The sites, restaurants, and lodging recommended by Steves are exactly how he describes them: interesting and affordable. Exactly what we were looking for.If you're looking for tips on hot night-life scenes or a hostel hopping trip, this isn't the book for you. It's more for people who enjoy great food, comfortable and clean hotels, and learning about the history and culture of areas they visit.0 of 0 people found the following review helpful. good travel guideBy SylviaKnowing the book was written too long ago, I still bought it for it's price.Because ancient infrastructures and cultural / historical background remained the same ,it didn't matter the book was old.Hotel and restaurant reviews come after the more important reason to know the country you visit.I even took the part of the book with me I absolutely needed to lessen the bulk.0 of 0 people found the following review helpful. Rick Steves' Croatia and Slovenia 2007By Jean MayerI am traveling to Croatia and Slovenia in May. I was looking for a book that would describe many of the places I will be visiting. This book was exactly what I was looking for -- it had just enough detail and information. Rick really knows Europe and I find his opinions to be very much like my own. He takes you to the places that are really worth seeing. This book is a must if you are going to Croatia or Slovenia.

Who but Rick Steves can tell travelers the best ways to meander around the region's beautiful beaches, excellent restaurants, and fascinating history.
