Perseus : Rick Steves' Europe Map before purchasing it in order to gage whether or not it would be worth my time, and all praised Rick Steves' Europe Map:

4 of 4 people found the following review helpful. Useful Planning MapBy Sam W.We are in the beginning stages of planning a trip to Europe. What better tool to use than this planning map. It gives you an idea of distances and major routes between cities to better plan. This map is exactly as billed. For those complaints about this map not being very useful when you get there are obviously not paying attention. It clearly says Planning Map on the cover. It is not intended to be a detailed map you can pick up for free once you get there.0 of 0 people found the following review helpful. This map soars above any other in Europe!By Mary TuftsWonderful map--great reference; printed on quality paper. This should DEFINITELY go in your luggage and in your pocket while you are travelling.0 of 0 people found the following review helpful. Great map!By IvankaGreat map, very durable paper like material. Love it! Have not travelled with it yet, but won't leave with it!

Designed specifically for Rick's travel audience (or users) these maps highlight choice destinations throughout Europe, from Lisbon to Warsaw, Bergen to Crete, in a colorful, easy-to-use format on high-quality paper that lasts over many trips:

- Cuts the Clutter: While big cities are left for navigational purposes, this map is otherwise stripped clean and filled in only with places that matter to travelers.
- Guidebook-Friendly: At a glance, all the places you read about in Rick's guidebooks pop right out in a crisp, easy-to-read format.
- Rail or Road: Includes important train lines and highways for easy route-planning, no matter how you'll get around.
- The Back's Even Better: The reverse side includes a handy rail time/cost map and 24 regional close-up maps.
