It has info on literally everything you need to know, including accommodation recommendations, how to get there, how to travel once you get there,

and most importantly, things you need to do before you go, like applying for visas, buying your Eurorail pass, etc., reservations for attractions, etc. About 4-6 weeks before your trip, buy the Rick Steves guide for the specific country you plan to visit. My husband and I travel a lot, and Rick Steves' guides are my Bibles! 29 of 30 people found the following review helpful. Awesome resource! By Linda
Awesome resource! Gives so much valuable advice from what to pack (or better yet--what NOT to pack) to eating and staying overnights at local places. Tips on using cash vs plastic as well as where to make monetary conversions. Expectations on use of facilities --not the same as in America; expect some pay toilets in public places. This is a purchase you won't regret if you are traveling thru Europe! 12 of 12 people found the following review helpful. Great for all skill levels
