Rick Steves : Rick Steves Germany, Austria, and Switzerland: Covers Munich, Bavaria, Vienna, Salzburg, the Berner Oberland, and Prague (2002) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rick Steves Germany, Austria, and Switzerland: Covers Munich, Bavaria, Vienna, Salzburg, the Berner Oberland, and Prague (2002):

0 of 0 people found the following review helpful. CrammedBy A.H. DermanThis guide is crammed with information, all of which is extremely useful. However, it badly lacks diagrams, good maps and visual guides.1 of 1 people found the following review helpful. Germany, Austria and Switzerland Guide BookBy J. E. WolfeI ordered this to get information for an upcoming trip that my husband and I plan to take. Steves is very detailed in his information and I find it a useful book to have.11 of 12 people found the following review helpful. Great family trip plannerBy A CustomerI have dozens of guide and travel books and found this one of the most useful. I used Rick's GASP book to plan a trip that included children under 12 and a grandma in a wheel chair. With the information in this book I was able to contact the hotels by email and fax and save expense and time in reservations. (Although there is no specific help in finding handicapped-friendly hotels the centrality and convenience of the location was as important as any other detail) The cities/towns he recommends were all great and we liked each one better than the last. We used the train and found his tips on train travel extremely useful. If you drive a car you need to invest in a good Michelin map no matter which guide book you use.Since you can't see it all in a few weeks it is great when you can see some of the best and not spend a fortune. The audience for this book is people who want to feel part of the town when they visit and not stay in overpriced luxury hotels.

Rick Steves doesn't just list where to travel in Europe, he leads travellers through the "back door", revealing how to give every journey an extra, more authentic dimension. He shows travellers how to delve into European culture, and experience each region's natural wonders - economically and hassle-free. Rick Steves' television series Travels in Europe with Rick Steves is seen on more than 200 public tv channels in the US and Canada
