Rick Steves : Rick Steves' Great Britain 2008 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rick Steves' Great Britain 2008:

0 of 0 people found the following review helpful. A valuable resource while traveling to GB. By Watchtheclock I used this last year during a 6 week work assignment in Wales. I found time to tour Scotland and England also and found the book helpful. You cannot go wrong with Rick's travel guides. They are the best I have seen. I normally buy a couple of travel guides to take for each trip but 90% of the time I only use the Rick Steve's books. They are just more formatted for what interest me and are easy to use. I have used his Paris edition, Italy edition, and the Great Britain edition. What I like about it is once you use one, it is easy to find information you need in the others because the layout is the same. When traveling in foreign countries I rely on Rick's books while there just like I rely on my Garmin here in the states, its that useful. I have also found that the books have offered enough money saving tips that they have always paid for themselves once I get over there. You just can't go wrong. 0 of 0 people found the following review helpful. London Fun By Kindle Customer This guide seems to be very helpful. This will be my second trip to London but I found this to be of great assistance. I have, however, ordered the 2009 version to get updates on holidays and activities. 0 of 0 people found the following review helpful. Very helpful By Beatrix Kiddo We ordered two books before our trip to London, this one and another that was much more expensive. We wound up relying on this one almost exclusively because of the insight Rick Steves offers in addition to the information about attractions. He also makes suggestions about some more off-the-beaten-track places that I'm glad we didn't miss! Plus, the dimensions of this book were far smaller than that of the other, making it easy to slip into a pocket or purse and making us look less like out of place tourists relying on our book.

Who but Rick Steves can tell travelers how to promenade down Edinburgh's Royal Mile or visit the ancient home of the Holy Grail? With Rick Steves' Great Britain 2008, travelers can experience Steves' favorite destinations in London, Bath, York, the Cotswolds, the Lake District, Edinburgh, and North Wales economically and hassle-free. Completely revised and updated, this guide includes opinionated coverage of both famous and lesser-known sights, friendly places to eat and sleep, suggested day plans, walking tours and trip itineraries, and clear instructions for smooth travel anywhere by car, train, or foot. America's number one authority on travel to Europe, Steves' time-tested recommendations for safe and enjoyable travel in Europe have been used by millions of Americans in search of their own unique European travel experience.

About the Author Rick Steves is on a mission: to help make European travel accessible and meaningful for Americans. Rick has spent 100 days every year since 1973 exploring Europe. He's researched and written 24 travel guidebooks and hosts the public television series Rick Steves' Europe, now in its seventh season. He also organizes and leads tours of Europe and offers an information-packed website (www.ricksteves.com). Rick lives in Edmonds, WA, just north of Seattle, with his family.
