Rick Steves : Rick Steves Italy 2016 before purchasing it in order to gage whether or not it would be worth my time, and all praised Rick Steves Italy 2016:

15 of 15 people found the following review helpful. We used this on our recent trip. Reviews and ...By MaggieWe used this on our recent trip. Reviews and maps were very helpful. Tips on parking in Tuscany also came in handy.0 of 0 people found the following review helpful. My Favorite Italy GuideBy Copper CavalierRick Steves is a wonderful travel writer, and his travel books are the only ones I read. Compared to other popular travel books which are dry and dull, Rick's books are like chatting with an old friend who has just returned from a fascinating journey.I used Rick's guide to Italy on a recent trip, and it was fantastic! It is the perfect blend of general information and specific facts, such as extremely useful information on the best bus routes in Rome. This type of advice allows you to travel like a local, rather than a tourist.I also love Rick's personal touches on his self-guided walking tours. My favorites are his Renaissance walking tour through Florence, and the self-guided cruise along the Grand Canal in Venice. Another chance to travel like a local.One thing I've noticed with these guidebooks is that the overall text does not change from year to year. Of course, current details such as prices and phone numbers are updated yearly, but that type of information is often obsolete by the time the book is published. So you may as well save money and buy an older edition.Hope you enjoy this guide as much as I do!3 of 3 people found the following review helpful. It saved us HOURS of time!By Stefani M.WOW! I can't imagine our 2 week Italian extravaganza without this book. There are endless tips and tricks for nearly every city in Italy. We planned our trip around the Rick's recommendations. I can't express enough about how helpful this book is. It saved us HOURS of trying to figure it out ourselves, which is fun too, but with this book you get to skip the worst of it. The guided walks are the highlight for my husband and I. The city comes to life when we learn about what we are looking at.

You can count on Rick Steves to tell you what you really need to know when traveling in Italy.From the beaches to the Alps, from fine art to fine pasta, Italy has it all. With this book, you'll trace Italian culture from Rome's Colosseum to Michelangelo's David to the bustling elegance of Milan. Experience the art-drenched cities of Venice and Florence, explore the ancient ruins of the Roman Forum, and learn how to avoid the lines at the most popular museums. Discover the villages of Tuscany and Umbria and the lazy rhythms of the Cinque Terre. Shop at local market stalls, sip a cappuccino at an outdoor café, and pick up a picnic lunch at an allimentari. Relax and enjoy the life of Bella Italia!Rick's candid, humorous advice will guide you to good-value hotels and restaurants. He'll help you plan where to go and what to see, depending on the length of your trip. You'll get up-to-date recommendations about what is worth your time and money. More than just reviews and directions, a Rick Steves guidebook is a tour guide in your pocket.

About the AuthorRick Steves has spent 100 days every year since 1973 exploring Europe. Rick produces a public television series (Rick Steves' Europe), a public radio show (Travel with Rick Steves), and an app and podcast (Rick Steves Audio Europe); writes a bestselling series of guidebooks and a nationally syndicated newspaper column; organizes guided tours that take thousands of travelers to Europe annually; and offers an information-packed website (RickSteves.com). With the help of his hardworking staff of 80 at Rick Steves' Europe, Inc.—in Edmonds, Washington, just north of Seattle—Rick's mission is to make European travel fun, affordable, and culturally broadening for Americans.
