I loved that it was small enough to put in my purse so I could carry it with me during my vacation. I used it a lot! The pull out map was a wonderful reference and easy to use. Without this book, I wouldn't have known where to start. With only 2.5 days in London, this book really helped me plan what I wanted to see and how to easily get around. I plan to buy the corresponding book for any new city that I decide to visit! I highly recommend this book!2 of 2 people found the following review helpful. Perfect Travel CompanionBy JohnCourtCapsUsed this on my trip to London and it was small enough to keep in my purse the whole time, I loved this book. It had actually useful info about getting around London, what's open, where to go, places to eat, etc.1 of 1 people found the following review helpful. London Must HaveBy Susan RYou can always depend on a Rick Steves travel guide to find the must-see places in major cities as well as the restaurants and hotels. Unlike some of the other travel guides on the market, his travel guides show places to eat that are within every traveler's budget. The great thing about the pocket guides is that they fit right into your travel bag so they are always with you when you are out exploring. I wouldn't travel in Europe without a Rick Steves guide book.

Who but Rick Steves can tell travelers the best way to visit Lisbon, The Algarve, Salema, Evora, Coimbra, Nazare, and Obidos?
