The table of contents is laid out in a very easy-to-navigate fashion, ensuring easy access to whatever information you may be seeking. His chapters are complete, giving just enough detail to help navigate in your travels, but not so little it's useless or so much you feel saturated with pointless knowledge. Since I'm doing multiple European countries at once, I really like having this and the other travel books on my Kindle. 0 of 0 people found the following review helpful. Great guide even for the nativesBy F. LopesGreat help on wife's trip to Portugal. Even though my mom is a native Rick Steve's book proved invaluable while travelling the countryside and looking for lodging. Great tips and sightseeing ideas. 0 of 0 people found the following review helpful. Consistently excellent travel books; Portugal is no exception. By Steve MillerAlways pleased with Rick's books. It's good to see he spends a little more time talking about hiking spots and outdoor activities.
