Rick Steves, Steve Smith : Rick Steves' Provence and The French Riviera 2009 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rick Steves' Provence and The French Riviera 2009:

1 of 1 people found the following review helpful. Excellent guide, well organized. The only book you'll need. By Art Smart
This guide was the one we used every day in our recent trip. I might quibble with some of the commentary but the information was well organized and help us to plan our days when we stayed in Nice, and traveled on alternating days to the hill towns and to the coast. This is the only book you'll need. (But we do suggest supplementing it with current localized food recommendations from TripAdvisor and Yelp.)
0 of 0 people found the following review helpful. Always travel with Rick! By Ben Littauer
Rick Steves guides are perfect for me - they tell me what I need and no more, plus he has the same taste and attention span that I do, so his tours hit the right spots and for the right length of time.
0 of 0 people found the following review helpful. Useful at the price By David Lyon
Outdated, as we expected since a new version comes out next month. It's the usual Rick Steves once-over, but as an inexpensive closeout, it was worth buying to tear up into sections we could easily carry around and use. Maps are a big help.

Enjoy the flavors of Provençal cuisine, relax on the beaches of Nice, or view Roman architecture at it's finest at the Pont du Gard—Rick Steves' *Provence The French Riviera 2009* allows any traveler to experience all that this remarkable region has to offer—economically and hassle-free. The heart of the region is it's cuisine, and Rick covers the plethora of delicious dining options in Provence, from L'Atelier, the world-renowned restaurant in Arles, to the unpretentious cafés dotting the Luberon region. With expert advice on transportation and accommodations, a full Chagall Museum tour, and a healthy dose of humor, Rick Steves' *Provence The French Riviera 2009* is the definitive guidebook to Southern France.

Steves preaches a low-cost, low-to-the-ground style that not only saves money, but gets you closer to the real Europe, the way Europeans experience it. About the Author
Rick Steves is on a mission: to help make European travel accessible and meaningful . He has researched and written 24 travel guidebooks
