Rick Steves, Gene Openshaw : Rick Steves' Rome 2007 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rick Steves' Rome 2007:

6 of 6 people found the following review helpful. excellent guide book
By BettyI was very pleased with this guide book. I visited Rome for the 2nd time, and found this book very helpful and well written. Things i found helpful:-how to prepare for your trip-travel information-recommendations about which days and times of day to visit particular sites/museums-interesting historical facts (but not overly dense)-excellent summaries of the major attractions-recommendations for day trips-restaurant recommendationsI did not use this guide book for hotel information, so i can not comment on that. i would recommend doing a lot of your own research for hotel information (guide books, internet, word of mouth).If you like guide books with lots of colorful photos, this is not the one for you. It's all black + white, with very few photos. But it is well organized and has an easy to use index.I brought this book with me everywhere in Rome, and will recommend it to my friends.
6 of 6 people found the following review helpful. Don't go without it!!!
By Sarah KThis was the most important thing we took to Rome. Even though we were there in January, what we thought would be the non-busy time of the year, everything was packed! The info about avoiding the colisseum line was alone worth the price of the book. Very good for practical information and restaurant suggestions. Awesome, awesome book! I would give it 6 stars if i could!
5 of 5 people found the following review helpful. Very complete travel guide
By Arkansas TravelerThe detailed tips on transportation will save countless precious travel hours and stress. The recommended hotels cheerfully honored the special rates quoted. The attraction passes were well described and will save a lot of money. Rick Steves also answered many questions I had not thought to ask, and gave me everything I needed to make detailed daily itenaries! It is the best travel guide I have ever used.

Who but Rick Steves can tell travelers the best way to see St. Peter's Basilica, the Sistine Chapel, and the Colosseum? With RickSteves' Rome 2007, travelers can experience the best of everything Rome has to offer — economically and hassle-free. Completely revised and updated, Rick Steves' Rome 2007 includes opinionated coverage of both famous and lesser-known sights; friendly places to eat and sleep; suggested day plans; walking tours and trip itineraries; clear instructions for smooth travel anywhere by car, train, or foot; and Rick's newest "back door" discoveries. America's number one authority on travel to Europe, Rick's time-tested recommendations for safe and enjoyable travel in Europe have been used by millions of Americans in search of their own unique European travel experience.
