Great guidebook with useful infoBy FloridaSunshineThis is the best guidebook I've read yet for my upcoming trip to Sorrento and the surrounding area. I enjoy Mr. Steves clear and concise descriptions of the sights and local businesses. When I return from the trip, I'll be able to say whether his info is accurate. BACK FROM MY TRAVELS: Okay, now I can say with confidence that Mr. Steves guidebook is excellent. We used it extensively and enjoyed his explanation of the various sites and found his recommendations to be "right on". I will be purchasing more of his guidebooks as we continue our travels.14 of 14 people found the following review helpful. Great guidebook to carry!By AvgMom2My husband and I are big fans of Rick Steves', not just for his books, but for his TV shows as well. Rick has great insight into all the places he writes about and he makes it a personal journey for his readers.I bought this book along when we visited Southern Italy last month. We stayed in Sorrento and this book helped us plan our itinerary. The book was relatively light and small (4X8), so it was easy to carry in my bag. What I especially liked about this book was its detailed descriptions of Pompeii. It helped us understand the ruins as we passed each structure. The descriptions were easy to read and easy to follow since he included pictures. (Alternatively, you could rent an audio at the entrance for 5 euros -- and get a comprehensive guidebook as well -- but there's nothing like reading ahead to prepare yourself for the visit. The place is HUGE!)If you are visiting Naples/Pompeii/Sorrento/Capri/Amalfi/Positano/Ravello/Paestrum, I highly recommend this book!1 of 1 people found the following review helpful. Save money just by bringing this book along your travels - a must have for Amalfi region!By DDCDuring our recent honeymoon, we exclusively relied on this book to travel the Amalfi coast (Sorrento, Amalfi, Positano). To be frank, if you buy this book, you will actually be MAKING money when you travel. Most of his hotel recommendations (and restaurants too!) offer a discount (or free appetizer) if you show them the physical book when you travel. Hence, we saved over \$100 on hotel fees and got some awesome food on the side just for buying this book.Rick's recs are a must know - read the whole book before you travel so that you understand where to go, what to see, and also what to avoid at all costs. This book made our honeymoon very memorable!
