Rick Steves : Rick Steves' Snapshot St. Petersburg, Helsinki Tallinn before purchasing it in order to gage whether or not it would be worth my time, and all praised Rick Steves' Snapshot St. Petersburg, Helsinki Tallinn:

7 of 7 people found the following review helpful. Information the other Guidebooks missBy bobcat386As always, Rick gives some of the most important information, the other guidebooks miss. He noted that it was imperative to get tickets in advance for the Hermitage in St. Petersburg. Good advice that helped us bypass the long line and go straight inside to get tickets. The "highlight" tour of the Hermitage helped us see some of the most important sights without being overwhelmed and we always appreciate it done with a little humor.1 of 1 people found the following review helpful. relying instead on local transportation that were often a great experience in their own rightBy SusanI don't usually take the time to post reviews, but this little book was a fabulous investment when my husband and I toured St. Petersburg and the Baltic States on our own. Armed with this guidebook we avoided paying for over-priced excursions we didn't need, relying instead on local transportation that were often a great experience in their own right. We also opted for one excursion tour that was worth every penny, having read that there were no reasonable alternatives. The directions and advice are clear, and the tips are terrific. It would be an excellent book to bring along on a Baltics cruise.3 of 3 people found the following review helpful. Okay but not up to Rick Steves standardsBy Conrad HeineyNot up to the standard of his other books. The focus is on St. Petersburg, which I didn't visit. It's short and doesn't cover most of what's interesting about Helsinki and Tallinn. The Lonely Planet book and local free guides are more useful. Nothing inaccurate or dumb, just not enough to make it worth the trouble.

You can count on Rick Steves to tell you what you really need to know when traveling in St. Petersburg, Helsinki, and Tallinn. In this compact guide, Rick Steves covers the essential spots of each city, including the Hermitage, the Church of the Spilled Blood, Linnanmäki (a classic amusement park), and Toompea Castle. Take a day trip to the Peterhof, stroll through Kaivopuisto Park, or visit the Kumu Art Museum. You'll get Rick's firsthand advice on the best sights, eating, sleeping, and nightlife, and the maps and self-guided tours will ensure you make the most of your experience. More than just reviews and directions, a Rick Steves Snapshot guide is a tour guide in your pocket. Rick Steves' Snapshot guides consist of excerpted chapters from Rick Steves' European country guidebooks. Snapshot guides are a great choice for travelers visiting a specific city or region, rather than multiple European destinations. These slim guides offer all of Rick's up-to-date advice on what sights are worth your time and money. They include good-value hotel and restaurant recommendations, with no introductory information (such as overall trip planning, when to go, and travel practicalities).

About the AuthorRick Steves has spent 100 days every year since 1973 exploring Europe. Rick produces a public television series (Rick Steves' Europe), a public radio show (Travel with Rick Steves), and an app and podcast (Rick Steves Audio Europe); writes a bestselling series of guidebooks and a nationally syndicated newspaper column; organizes guided tours that take thousands of travelers to Europe annually; and offers an information-packed website (RickSteves.com). With the help of his hardworking staff of 80 at Europe Through the Back Door—in Edmonds, Washington, just north of Seattle—Rick's mission is to make European travel fun, affordable, and culturally broadening for Americans.
