Rick Steves : Rick Steves' Spain and Portugal: Covers Madrid, Barcelona, Andalucia, Lisbon, the Algarve, and Morocco before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rick Steves' Spain and Portugal: Covers Madrid, Barcelona, Andalucia, Lisbon, the Algarve, and Morocco:

0 of 0 people found the following review helpful. Good source of information
By Betty W. Good source of information. Even though it is dated 2001, it did give me good information on the historic items to see.
0 of 0 people found the following review helpful. Old edition
By Hazel Rick's books are always very helpful. I just didn't realize that this edition is 12 years old!
60 of 61 people found the following review helpful. Excellent well-organized over-all guide book
By Raymond D. Houlihan The one thing I think I might enjoy more than traveling is planning a trip. The problem with most trips is that I never have enough time to see all of the things I'd like to see. Consequently, I generally end up buying or borrowing a bunch of books, then planing obsessively. I really like Steves' book because it gives a great overview of each region of the country and makes it easy to figure out how to get the most out of the limited time I have available to me. It is clear that Rick Steves knows a great deal about the country, and he is able to organize and present that information in an interesting and very understandable way. He also makes suggestions about where to go and what to do based on his experience. I found myself trusting in his opinions and making my plans without the normal qualms: "Do I really want to spend two days in Ronda and Arcos? Maybe it would make more sense to go to Gibraltar." In addition, he provides a lot of great information on affordable places to stay. Most of the guides seem to focus on the expensive, world class hotels (DK guides) or the less expensive, student hostel type of places (Lonely Planet). This guide fills the gap. While it identifies expensive "splurges" that have something really unique to offer (beyond mere luxury accommodations) and also identifies some great bargain hotels and hostels, it also provides a wealth of information about those hotels that fall in the middle. Since I'm a public defender, I don't have the bucks to stay at the Ritz, but I'm too old to sleep in a bunk-bed (plus, I think my wife would object to staying in dormitories -- for some odd reason, she likes to be in the same room with me). This guide has given me the information I need to find a place with character that will not break the bank.

Rick Steves doesn't just list where to travel in Europe, he leads travellers through the "back door", revealing how to give every journey an extra, more authentic dimension. He shows travellers how to delve into European culture, and experience each region's natural wonders - economically and hassle-free. Rick Steves' television series Travels in Europe with Rick Steves is seen on more than 200 public tv channels in the US and Canada
