Philip's Maps and Atlases : Road Atlas: France, Belgium, Luxembourg before purchasing it in order to gage whether or not it would be worth my time, and all praised Road Atlas: France, Belgium, Luxembourg:

Road AtlasBy CHillWonderful to have in the car while traveling through France, Luxembourg, and Belgium. 10 days on the road and didn't get lost a single time. Much easier to work with than one of those folding maps. Will use it again on my next trip this spring to the south of France.
