AA Publishing : Road Atlas Spain Portugal before purchasing it in order to gage whether or not it would be worth my time, and all praised Road Atlas Spain Portugal:

0 of 1 people found the following review helpful. We just wasted \$17.50 By Heinz Hammerling We will NOT take this extremely heavy and difficult to navigate atlas with us for our planned trip to Spain. Instead we will buy road maps at a gas station in Spain. Disappointed also with the confusing colors and the scale (too large, need to constantly flip between pages in search of nearby towns and intersections). I want to look at clean road layouts (on white background). Do not need color-coded elevations, have no need for fat provincial border lines. We just wasted \$17.50.

The eighth edition of this spiral bound, large-scale atlas provides essential mapping for driving through Spain and Portugal. Including toll roads, petrol stations, service areas and ferry routes. There is a helpful Europe-wide route

planner with index and details of national speed limits and emergency phone numbers. Points of interest include hotels, spas, campsites, golf courses, world heritage sites and a comprehensive place name index. It includes nine city street plans with street indexes.

About the AuthorAA Publishing is the UK's biggest travel publisher and one of the top 10 worldwide.
