It provides an interesting window into Victorian customs and mores, as well as a glimpse of what international travel was like for the upper middle class.0 of 0 people found the following review helpful. Good bookBy Kindle CustomerGreat description of 19th century rome and they way people

travelled around Without automobiles and without electricity .Really Good book....

Leopold Classic Library is delighted to publish this classic book as part of our extensive collection. As part of our on-going commitment to delivering value to the reader, we have also provided you with a link to a website, where you may download a digital version of this work for free. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. Whilst the books in this collection have not been hand curated, an aim of our publishing program is to facilitate rapid access to this vast reservoir of literature. As a result of this book being first published many decades ago, it may have occasional imperfections. These imperfections may include poor picture quality, blurred or missing text. While some of these imperfections may have appeared in the original work, others may have resulted from the scanning process that has been applied. However, our view is that this is a significant literary work, which deserves to be brought back into print after many decades. While some publishers have applied optical character recognition (OCR), this approach has its own drawbacks, which include formatting errors, misspelt words, or the presence of inappropriate characters. Our philosophy has been guided by a desire to provide the reader with an experience that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic book, and that the occasional imperfection that it might contain will not detract from the experience.

About the Author Jacob Abbott (November 14, 1803 – October 31, 1879) was an American writer of children's books. He was a prolific author, writing juvenile fiction, brief histories, biographies, religious books for the general reader, and a few works in popular science. He wrote 180 books and was a coauthor or editor of 31 more. He died in Farmington, Maine, where he had spent part of his time after 1839, and where his brother, Samuel Phillips Abbott, founded the Abbott School.
