**Daniel B. Smith : Romania: Complete tourist's guide: Part 1 (Volume 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Romania: Complete tourist's guide: Part 1 (Volume 1):

3 of 3 people found the following review helpful. Terrific guide - I can't say enough good things about ...By JackTerrific guide - I can't say enough good things about it! It provided us with helpful suggestions everywhere we went. We didn't rely on it solely - we also had an excellent large map, suggestions from friends, and local suggestions

at each stop. But as a general guide, we greatly appreciated it. Buy the paper version rather than the e-version because you'll consult it all the time, and it's just much easier to use. 2 of 2 people found the following review helpful. What I really like at this book is the quality/price ratio. By Daniel What I really like at this book is the quality/price ratio. Compared with other guides for Romania, it provides a solid background for traveling. Its structure is simple: every county is taken and explained to you. The main tourist sights are presented for every county. In this book one can find information about first nineteen counties of Romania (they are sorted alphabetically). The rest of them are presented in Part 2. I bought the Part 2 also because at this low price and very good quality it's really a bargain. 3 of 3 people found the following review helpful. So much nature! Perfect travel guide. By ADMAs I heard so much about Romania, I really wasn't sure where to start visiting, so this e-book gave me the sight of that. Pictures are a plus, I really enjoyed it reading it. Very nice views, so much nature in this country, you shouldn't miss visiting Romania. I would totally recommend this book to everyone who wants to go to Romania.

This book (Part 1) addresses tourists and people who want to know more information about Romania. The guide is organized into 23 main chapters, each presenting corresponding county and some "need to know" advice. This book teaches you general knowledge about traveling and will get you familiar with Romanian cuisine. Inside every chapter, you will find the main tourist sights but there are many to be discovered by yourself. You will find basic information about the main tourist attractions, pictures of them, accommodations for each country and useful routes for your journey. I wish you a successful holiday!
