Complete tourist's guide is way better than the other books I have read so farBy JackTraveling is one of my hobbies and I always make it a point to do my research before requesting a leave from work and booking the necessary flight and other arrangements. Romania: Complete tourist's guide is way

better than the other books I have read so far. It got historical information, covered the important sites, occasions and best hotel reservations possible via booking.com. It tells about the reason why one should visit a place or attend an event that makes it more appealing to readers. The author did a great job with the descriptions and made me feel that this is a great place to visit and look forward to an adventurous vacation! 1 of 1 people found the following review helpful. I am very satisfied with this complete guide for Romania. By Daniel The Part 2 of this tourist guide respects the lines of Part 1. I am very satisfied with this complete guide for Romania. I now have both Part 1 and Part 2. I like the author's way of splitting the country's guide into multiple chapters, each corresponding to every county. So, the price for a complete guide for Romania is quite small if you buy the Kindle edition of books. 1 of 1 people found the following review helpful. One of the best Romania travel books. By ADM This is the part two, so I've pretty much read both. Just wanted to make an honest review, being really well done and good investment. If you are a traveler or even Romanian I will totally recommend this book!

This book (Part 2) addresses tourists and people who want to know more information about Romania. The guide is organized into 27 main chapters, each presenting a corresponding county. This book teaches you general knowledge about traveling and will get you familiar with Romanian cuisine. Inside every chapter, you will find the main tourist sights but there are many to be discovered by yourself. You will find basic information about the main tourist attractions, pictures of them, accommodations for each county and useful routes for your journey. I wish you a successful holiday!
