**Cartographia : Romania Road Atlas (Country Atlas)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Romania Road Atlas (Country Atlas):

Nice map, but in small sectionsBy SteveThe map shows all roads, and many towns --- just what I needed. It is not always easy to move from page to page, so you need a bigger map to see the "big picture".

Rich in details. This new atlas helps travellers to plan their journey easily; key to map section; tourist attractions; postal codes; Administrative maps; distance chart; international automobile signs.
