Jonathan Boardman : Rome: A Cultural and Literary History (Cities of the Imagination) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rome: A Cultural and Literary History (Cities of the Imagination):

0 of 0 people found the following review helpful. SuperficialBy MrsMorlandI am in the process of reading as many books about Roman art and architecture as I can find in preparation for a return trip to the city. This one, Rome, by Jonathan Boardman, is a disappointment. It contains some interesting anecdotes if you already have a fair background

in the city, but he is more in love with his "themes" than in coherent description of any given site. His general method is to give a background anecdote on a site--but to tell hardly anything about what to actually look for if you visit that place.
