Peter J. Aicher : Rome Alive: A Source-Guide to the Ancient City, Volume 2 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rome Alive: A Source-Guide to the Ancient City, Volume 2:

8 of 8 people found the following review helpful. Correcting a misapprehension
By Bruce A. McMenemy
It seems a shame that such a well-put-together book should be tarred by a single two-star review based on a misapprehension. Volume II of Peter J. Aicher's *Rome Alive* is specifically intended as a kind of extended appendix to Volume I -- a compendium of the original sources, in the original languages, for the passages that the first volume gives only in English translations. As a way of doing business, it seems both academically scrupulous and adaptive to the needs of different audiences. It's pretty clear from the pricing that Bolchazy-Carducci expected to sell a lot more of Volume I than of Volume II. That's reasonable and appropriate. If you aren't a classicist, and just want the material describing the various locations in the ancient city -- and I've seen none that was better collected or more thoroughly documented -- just buy Volume I. It has everything you'll want. If, like me, you are a reader of Latin and Greek, and an inveterate checker of sources and translations, Volume II provides the extra clout you'll want -- all the pieces assembled in one place. You can find out exactly what word Livy or Suetonius was using for some troublesome concept. (Yes, publication-level material will probably require that you burrow further into the best editions of these texts, but this can take you a long way, fairly quickly.) Volume I, therefore, is directed at a broad readership -- the scholar, certainly, but also the tourist or the armchair visitor to ancient Rome. Volume II is the scholarly support for the professional or student classicist. For what it is, it's an excellent resource, and one that should be judged on its success at doing what it set out to do, not something else.

By Didaskalon
Wonderful supplement to the English version. If you study Latin or Ancient Greek, this source is a treat to the eyes and ears when you read about the location in Rome from original Ancient sources. Just fabulous.

0 of 3 people found the following review helpful. Unless you read ancient Greek and Latin it won't be useful. Volume 1
By Elaran
This book is the ancient Greek and Latin sources for Book 1. Unless you read ancient Greek and Latin it won't be useful. Volume 1, however, is the best guidebook to ancient Rome ever printed.

Whether you're an armchair tourist, are visiting Rome for the first time, or are a veteran of the city's charms, travelers of all ages and stages will benefit from this fascinating guidebook to Rome's ancient monuments. *Rome Alive* describes the Site and Foundation of Rome, Walls and Aqueducts, the Capitoline Hill, the Roman Forum, the Upper Sacra Via, the Palatine Hill, the Colosseum Area, the Imperial Fora, the Campus Martius, the Forum Boarium and Aventine, and the Circus Maximus to Tomb of Scipios, all using the words of the ancients who knew them best. Aicher's commentary orients the visitor to each site's ancient significance. Photographs, maps, and floorplans abound, all making this a one-of-a-kind guide. A separate volume of sources in Greek and Latin is available for scholars who want access to the original texts. Special Features An ideal introduction and valuable field companion for navigating Rome's ancient city, *Rome Alive!* features: Introduction with information on ancient authors cited Latin and Greek sources, in translation Organization by site, with commentary and notes to supplement original sources Plenty of photographs, maps, and floorplans General index Separate volume of original Greek and Latin passages (Vol. II) Also available: *Guide to the Aqueducts of Ancient Rome* - ISBN 0865162824 *Rome and Her Monuments: Essays on the City and Literature of Rome in Honor of Katherine A. Geffcken* - ISBN 0865164576 For over 30 years Bolchazy-Carducci Publishers has produced the highest quality Latin and ancient Greek books. From Dr. Seuss books in Latin to Plato's *Apology*, Bolchazy-Carducci's titles help readers learn about ancient Rome and Greece; the Latin and ancient Greek languages are alive and well with titles like Cicero's *De Amicitia* and Kaegi's *Greek Grammar*. We also feature a line of contemporary eastern European and WWII books. Some of the areas we publish in include: *Selections From The Aeneid* Latin Grammar Pronunciation Greek Grammar Pronunciation Texts Supporting Wheelock's Latin Classical author workbooks: Vergil, Ovid, Horace, Catullus, Cicero Vocabulary Cards For AP Selections: Vergil, Ovid, Catullus, Horace Greek Mythology Greek Lexicon Slovak Culture And History
