Vittorio Serra : Rome and the Vatican: New Practical Guide for the Jubilee Year 2000 (Bonechi Travel Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rome and the Vatican: New Practical Guide for the Jubilee Year 2000 (Bonechi Travel Guides):

This practical guide to Rome and the Vatican has been designed specifically for the jubilee year 2000, and contains over 240 colour photographs, some featuring the recently restored Sistine Chapel. The guide also includes city maps and 12 itineraries for touring the city.
