Enjoyed reviewing the sites I visited. Great book whether it is your first trip or 10th trip. Rome never disappoints.0 of 0 people found the following review helpful. Good book - published in '82 - not '72 as it currently states in the description.By JohnBook is in good shape. My only issue is that the publication date is inaccurate. It's actually 1982 and this is relevant to me as I was looking for a book on Rome from 1972.
