**Litographia Artistica Cartographica : Rome, Complete City (English and Italian Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rome, Complete City (English and Italian Edition):

Folded, two-sided, very detailed map of Roma (Roma), Italy. One side of the map shows streets, subway lines, parks,

important buildings, churches etc. The opposite side has insets for Rome's historic center, the Main Ring Road, and the Underground and Regional railroads. Includes placename index booklet. Legend in Italian, English, French, German and Spanish.
