it would be worth my time, and all praised Rome Essential Guide (AAA Essential Guides: Rome):

1 of 1 people found the following review helpful. All You Need to Get Around Rome...By JADIf you are going to Rome this guide is essential indeed. It is all you need to see the highlights and the off the beaten track locales that make Rome the eternal city. On a recent trip there, I had this guide only and it fit so easily into a pocket that I could consult it whenever I wanted to figure out "what's next". The maps are clear and reliable, the photos are small but of the highest quality. The Top Ten list is a joy--it makes getting to the places worth seeing so easy. Do go to Rome--you will love it. And don't leave home without this book!

Rome Essential Guide is pocket-size and packed with vivid photographs, color maps, insider tips and detailed descriptions - everything travelers need for a successful trip. Travel experts who have been there and done it all tell where to stay, dine, shop, be entertained, and take the children. The In the Know section steers visitors with limited time to the best places to experience local flavor, while user-friendly maps and lots of practical information about currency, transportation, language, and the like assist with day-to-day maneuvering. From the big-picture to the author's pick of the top 10 points of interest, these guides truly capture the essence of a locale.
