They fit nicely in a pocket, pop open in a flash and have enough detail for most situations. Easy for quick reference without looking too much like a tourist by flipping out a large map. 0 of 0 people found the following review helpful. Cannot travel without it! By Kelli D. Dickerson Small, easy to use guide that keeps you on track as you make your way through the sites via public transportation and on foot. This is my ninth PopOut and I will keep them forever even if I never make it back to the city. 0 of 0 people found the following review helpful. Good quality. By Rockymeadow Very handy size. Clearly printed and all the sites I was looking for were easily located. Would have been easier if it was in English, though!
