Lozzi Editori : ROME TODAY Map-Guide Combo in English by Lozzi (English and Italian Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised ROME TODAY Map-Guide Combo in English by Lozzi (English and Italian Edition):

3 Maps in 1! Imported from Rome, this full color tri-fold includes a folded map with three plans, a bound-in guide booklet and a bifold guide called "Roman Walks," all of it in English! The folded map includes three plans: a map of the greater city from the EUR to the south to the Ippodromo di Tor di Quinto to the north (Scale 1:13,500), a map of the province of Rome showing highway access to and from the city (Scale 1:250,000), and a map of the ancient city center (Scale 1:5,300). Each map shows named streets and places of interest, and either symbols or numbers locating places that are described in the guide booklet. "Roman Walks" traces six walks in the most historic areas of Rome. (You could pore over many guidebooks of Rome without finding its essential sites in cogent and coherent illustrations such as these.) On the back of the tri-fold is a handy metro / railway plan with a legend showing how the individual stops and lines are identified on the city maps. Parking lots are also located with a symbol. The entire tri-fold fits easily into a backpack and individual parts can be gently removed to stow in a jacket or jeans pocket for the day. Rome Today guide booklet chapters: Useful Telephone Numbers Historical Timeline Squares Open Air Antiquities Churches Museums and Galleries Institutional Seats Villas Fun Places to Go City Tours Shopping Fun, Food and the Rest (clubs) Transport Information From the back cover: Updated information on monuments, museums, galleries, exhibitions, events, shows and performances A mini-map of the city underground and railway network The list and location of many hotels on the city map A selected list of addresses of public interest, restaurants, camping areas, night clubs

About the Author Since 1935, Gruppo Lozzi Editori has published multilingual maps and guides of Rome. Their offerings now include a vast and diversified range of maps, map-guides, and guidebooks of Italian destinations and also a wide variety of educational and trade titles in hard cover and soft cover formats.
