**Rough Guides : Rough Guide Map London** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rough Guide Map London:

Paganol used this map on a recent trip to London and found it very helpful with all its information, even including bus lines and historic pubs. The fact that the map is waterproof and can be written upon makes it even more useful. I wish that the lettering was a little bit larger but that may be impossible without sacrificing some of the detailed information. One flaw that can be corrected is the color used to show the Jubilee tube line. The tube lines are shown in the same colors used for the official map and color-coded signs. Good, but the Jubilee line is shown in a shade of gray almost identical to that used to show city blocks. I had to trace over the Jubilee line in pencil in order to increase the contrast with the blocks. The publisher should adjust the grays on its next edition in order to heighten the contrast between the Jubilee line and the blocks. 2 of 2 people found the following review helpful. Enhances the reading of British novelsBy JayliaI read so many books set in London that I finally got very curious about the locations the characters frequented. As I'd be sinking into the the story I'd get distracted wondering where IS Mayfair and how far it is from Hyde Park? Now that I read with this map by my side the diversion problem is solved. Plus it's a lot of fun to be able to picture the characters residing in neighborhoods and moving through streets whose relationship I can see. 0 of 0 people found the following review helpful. Awesome MapBy Kindle CustomerI am leaving for London on Wednesday so I haven't had the opportunity to actually use this yet. I am familiar with London but this map is very comprehensive and is EXACTLY as described. I am so glad I made this purchase and would highly recommend it to anyone traveling to London.

"The Rough Guide Map London" will guide you along the busy streets of one of Europe's largest capitals. From Buckingham Palace to Brick Lane, "The Rough Guide Map London" pin points the best attractions the city has to offer as well as shops, restaurants, explosive live-music venues and thought provoking galleries.
