Hachette : Routard: North Brittany: The Ultimate Food, Drink and Accommodation Guide before purchasing it

in order to gauge whether or not it would be worth my time, and all praised Routard: North Brittany: The Ultimate Food, Drink and Accommodation Guide:

I was basically figuring things out as I went along, and this book was remarkably useful. I think it's perfect for the person who is beyond wanting to stay in hostels, but isn't quite ready for expensive hotel rooms. They discuss many inexpensive places that I never would have found otherwise. It was also one of the most detailed guides I could find--most guides dealt with all of Brittany or Brittany AND Normandy in a guide of similar size, and hence didn't discuss nearly as many of the smaller villages or towns. The Routard guide mentioned many smaller towns and had much more thorough listings of cafes/hotels/restaurants for these places. Apparently Routard is like the Lonely Planet in France--if the Lonely Planet books appeal to you, this probably will as well.

Included in this guide to Northern Brittany is essential information on the region's important features and cultural history, and hundreds of up-to-date listings. There are details of all the best places to stay, restaurants to eat in and other points of interest. A wide range of addresses offer the best value for money across different price ranges. There is sound advice and recommendations for getting off the beaten tourist track. Crucially, the French authorship lends great authority to the guide.
