Russia West 1:2 000 000 Travel Map, waterproof, GPS-compatible, REISE 2013 edition This map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. The map covers most of the European part of Russia. Coverage includes eastern Ukraine with Crimea and eastern and northern Finland and extends to the Pechora River, Kirov, Kazan' and Samara. Kaliningrad Region is not included. Names of all towns and villages are in both scripts - names of administrative units and geographical features are in Latin alphabet only. Road and rail networks are easy to see on a clear base which presents the area's topography by altitude colouring with contours, spot heights and names of mountain ranges. Swamps, salt marshes and seasonal lakes and rivers are also shown. Road network includes selected unsurfaced local roads, indicates locations of border crossings and shows driving distances on main routes. National parks and protected areas are marked and symbols highlight various places of interest, including UNESCO world heritage sites,

monasteries, castles, museums, etc. The map has a latitude and longitude grid at intervals of 2° and an extensive index of place names given in both scripts. Multilingual legend includes English, high quality German cartography.
