book / dictionary and after reviewing it with my Russian born soulmate, she agreed that it's well designed and very helpful. After looking at quite a few similar books that neglected to give helpful tools for learning syllable emphasis, I was delighted to find that this one does a great job throughout. The size is ideal for pocket use, which for me is more helpful in allowing me to keep it with me daily as I learn my soulmate's native language (rather than as a travel aid). Along the lines of "suitability for daily use", my only complaint so far with this book is with its physical construction. I purchased a new copy ... and the cover was already partially coming detached from the body of the book when I took it out of the box. This did not appear to be shipping damage, as there was no damage to the box and the separation didn't appear to be due to a blow the book had taken. It looks like it was just never attached very well in the first place. I like what's inside well enough to keep it, but if you're planning to bring this one on a trip with you or use it every day as I do, you might want to keep a rubber band or other kind of little book carrier with you to make sure all the pages stay together. A book of this quality content deserves better construction.

0 of 0 people found the following review helpful. Russian Language Phrase Book By H. Netherton This is a handy little book small enough to carry. I will definitely bring this with me on my 3 week trip to Russia. I rated it 4 stars instead of 5 stars because it was last copyrighted in 1993 which the seller failed to mention. Obviously Russia has changed a lot in the last 20 years including their customs and expressions.

. By jackson Nice little book for Beginners! Has simple Phrases, It's a good buy!

More than ever before, business people and holiday tourists are celebrating glasnost with increased travel in Russia. This traveler's aid is sure to be much in demand, offering some 1,500 phrases and 2,000 alphabetically listed words, shown in Cyrillic and with pronunciations, and presented with translations to and from either language.

Language Notes Text: English, Russian
