Bruce Sandison : Sandison's Scotland before purchasing it in order to gage whether or not it would be worth my time, and all praised Sandison's Scotland:

0 of 0 people found the following review helpful. A great travel bookBy JuliaI really enjoyed this book coming at it from the right mindset. I was hoping the book would be about different places along with its cultures of Scotland, and that was exactly what it was. It's not like a travel guide book, because it is better not only does it talk about the place and what you can do there, but also about its people and that can completely change the experience of the trip. I think

knowing a bit about how the locals are is important on any trip you go on. So I am glad that he mentions the people in each destination he goes to. I also like how he is traveling to that same place as well, it give you a better idea of what your experience would be like. On the other hand it was sometimes very slow to read. Almost as it would be if you were reading travel book, but it is in some way it is a travel book so that makes sense. 0 of 0 people found the following review helpful. Could NOT get into this book...By TeaBookLoverMaybe it's just me, but the writing felt so disjointed and choppy. Just as I was interested in one story or place, it ended. I have picked this book up numerous times trying to finish it but it was always a chore. When I picked it up the final time and saw that I was only half way through, I sighed and finally gave up. He seems to start out strong in each chapter, but then it gets choppy and messy. I perused the reset of the book and am giving it away.

Sandison's Scotland is a wonderful collection of stories and tales about some of Scotland's most wild and evocative places; dark Loch Ness, the lifeboats that protect vessels in the turbulent waters of the Pentland Firth, Shetland's famous Up Helly Aa festival, the raucous Kirkwall Ba' Game in Orkney, remote townships, Helmsdale in the east, distant Glegelg in the west, crofts, and castles, and many, many more, all written by a man who is clearly in love with his native land, its people, culture, and history. Sandison's Scotland is a book for all times and all seasons. It will captivate and delight readers as they embark on an unforgettable journey through this magical land.

From the Back Cover? Sandison's Scotland is a wonderful collection of stories and tales about some of Scotland's most wild and evocative places; dark Loch Ness, the lifeboats that protect vessels in the turbulent waters of the Pentland Firth, Shetland's famous Up Helly Aa festival, the raucous Kirkwall Ba' Game in Orkney, remote townships, Helmsdale in the east, distant Glenelg in the west, crofts and castles; and many, many more, all written by a man who is clearly in love with his native land, its people, culture, and history. About the Author Bruce Sandison is one of Scotland's best-known writers and journalists. He has twice won the prestigious Highland and Islands Media Award Feature Writer of the Year and his work has appeared in a wide range of journals and magazines. He has published 12 books celebrating Scotland's precious landscape and environment.
