**From Mairs Geographischer Verlag, Kurt Mair : Sardinia GeoCenter Euro Map** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sardinia GeoCenter Euro Map:

Part of the renowned Geocenter Euro Map series, this updated map of Sardinia is both informative and easy-to-use. This cartography is ideal for day-to-day travelling within the city. This updated cartography now features grid references in the margin to aid quicker orientation. Additional colour changes to the mapping make transport networks clearer than before. With a scale of 1:200 Thousand and a legend in 8 languages, this is a comprehensive and indispensable road map. Tourist information, places of interest and a street index are all featured. Information is provided on hotels, restaurants, museums, theatres, parks and gardens, with tourist attractions clearly indicated and public transport systems marked.
