Sardinia (Sardegna, Italy) 1:200,000 Travel Map, waterproof, GPS-compatible REISE This indexed map of Sardinia with topographic and tourist information is waterproof and tear-resistant, double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in). It is durable enough to survive time spent in the rucksack, pocket or on a restaurant table. The map divides the island north / south with a good overlap between the sides. The scale (1 inch = 3.16 miles) is suitable for driving and also cycling. Topography is indicated by altitude colouring with spot heights and names of mountain ranges. Road information includes local tracks, indicates driving distances on main and secondary roads, and highlights scenic routes. Railways and ferry connections are also shown. Extensive overprint indicates locations of numerous nuraghi / nuraghes, the main type of megalithic edifices found in Sardinia, dating back before 1000 BC and today a symbol of the island's distinctive culture. The overprint also highlights local national parks, holiday camps, campsites and mountain refuges, viewpoints, churches and castles, beaches, golf courses, etc. The map has a 10-km UTM grid, plus latitude and longitude grid at 10' intervals.

Multilingual legend includes English, high quality German cartography.
