From Pomegranate : Scotland 2016 Calendar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Scotland 2016 Calendar:

5 of 5 people found the following review helpful. Great calendar By Rose The pictures in this calendar are beautiful and I enjoy looking at them. I get one every year and keep them all. It is the perfect size to hang on my kitchen wall and has high quality paper so the pictures are clear and sharp. I would recommend this for any one, makes a lovely gift. 0 of 0 people found the following review helpful. Beautiful photos of Scotland By Nash I give my friend a calendar of either Scotland or Ireland each year, to put up in his windowless area at work. He enjoys having the lovely scenery to look at, and this year's Scotland is especially beautiful. Scenic calendars can make a huge improvement in work days! 0 of 0 people found the following review helpful. Beautiful! By LaDema24 This calendar is gorgeous. I'm glad I ordered it.

Scotland Wall Calendar: In evocative images-rugged hillsides and vibrant coastal towns, ruined medieval fortresses and castles still in service-it's clear Scotland's beauty endures as shown in Scotland 2017 Wall Calendar. There's the grand Inveraray Castle, its pristine gardens and estate still drawing visitors, and the cube-like tower of Threave Castle,

all that's left of the fourteenth-century structure built by Archibald the Grim. There are the wild lands, still lochs, and thrashing coastlines across Scotland. Features breathtaking images of Scotland. Excerpts from beloved Scottish poets and philosophers or quotations accompany photographs. Previous and next month views. Observes major holidays and moon phases.
