Michael Lynch : SCOTLAND: A NEW HISTORY before purchasing it in order to gage whether or not it would be worth my time, and all praised SCOTLAND: A NEW HISTORY:

3 of 3 people found the following review helpful. Lynch's Scotland: A New History is a deep read ...By Ken McFadyenLynch's Scotland: A New History is a deep read for readers of history but who may not have considerable experience with Scottish history before picking it up. If one is looking for an introduction to the broad subject, look elsewhere. However, if one is looking for a deeper reading that leverages economic and demographic analysis

interspersed with social and political history, then this is the book.4 of 5 people found the following review helpful. I wanted to know more about my heritage.By ScottyAs part of my heritage, I wanted to know how Caledonia became what she is today; from her earliest history, to present day Scotland, and this book has been a dream send. Folks, I highly recommend this book to those of you; like myself, that would like to know about this wonderful ancient country. Please give it a read/study; whatever you wish. You will not be disappointed.4 of 9 people found the following review helpful. WRONG AUTHOR!!!By mrbThis is the book by MICHAEL Lynch (I checked the ISBN). I don't know why AMAZON has it listed the wrong way.But it's a very good and useful text, accurate and well-researched.

Book by MICHAEL LYNCH
