National Geographic Maps - Reference : Scotland Classic [Tubed] (National Geographic Reference Map)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Scotland Classic [Tubed] (National Geographic Reference Map):

1 of 1 people found the following review helpful. Excellent map. Shows everything we neededBy HHZWill be making a trip to Scotland and used this to plan our route. Excellent map. Shows everything we needed!2 of 2 people found the following review helpful. Very nice map, especially for the priceBy Karen M.Very nice map, especially for the price. I am going to attach it to a cork board so we can use it to attach items from our upcoming trip. Right now it is pinned to the wall with out trip outlined with ribbon. Great way to show off where we plan to go.5 of 5 people found the following review helpful. Scotland MapBy teriThis is exactly as it appears to be. Excellent map. Perfect wall map. Big enough to see all of the areas in the country and to pinpoint specific areas.

National Geographic's wall map of Scotland is one of the largest and most detailed maps of the country. The signature

Classic style design uses a bright, easy-to-read color palette featuring blue oceans and stunning shaded relief that has been featured on National Geographic wall maps for over 75 years. This map includes hundreds of named places including primary and secondary towns, counties, political boundaries, infrastructure, and selected historical sites. Scotland is shown in its entirety including the Highlands, Southern Uplands, Isle of Skye, Outer Hebrides, Inner Hebrides, Orkney Islands and the Shetland Islands (shown in an inset map). The nine political council areas of Scotland are also clearly identified. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:650,000 Sheet Size = 30" x 36"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
