and exploring the non-touristy areas(Loch Ness, I'm looking at you). Plus, it is small and easy to take with you. I love the small maps of walks/hikes in the different areas of the highlands - we used this feature quite a bit. It is a well-written guide with a good sense of humor and thoughtfulness to these beautiful locations. Definitely recommend this guide!0 of 0 people found the following review helpful. Good Guide but Small PrintBy Barbara F. HendrenGot this for an upcoming trip to Scotland. It's useful and the size would be handy for packing, but I find the print small and difficult to read. If you don't have a problem with small print, it will be fine for you.
