Richard Clubley : Scotland's Islands: A Special Kind of Freedom before purchasing it in order to gage whether or not it would be worth my time, and all praised Scotland's Islands: A Special Kind of Freedom:

Compiling a lifetime of travel into one book, Clubley explores the Scottish islands with enthusiasm and love as he meets the locals, embraces the weather and admires their natural beauty. Covering a huge range of islands from Lewis

to Colonsay, but also looking at issues such as the Gaelic language and preservation of community, Scotland's Islands paints an intriguing picture of life on the islands.

About the Author RICHARD CLUBLEY was born in Yorkshire on the coast of the North Sea, and has always had a desire to see what lay across the water. He studied Applied Biology at Brunel and taught science for thirty years, whilst making regular trips to the Scottish islands. He is a regular contributor to the Scottish Islands Explorer Magazine, and has visited 65 of Scotland's islands so far. He lives in Derbyshire and is a dedicated Scotophile and 'islandophile', who comes North to the Scot-tish islands at least
