**Alan Rodgers : Scotland (Step-up Geography)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scotland (Step-up Geography):

This book invites you to investigate the different environments of Scotland and how they lead to differing ways of life. It looks at making a living, methods of transport, and environmental issues of particular concern in Scotland.

About the AuthorAlan Rodgers and Angella Streluk have written many Geography titles together including the Measuring the Weather series.
