**Jan Morris : Scotland the Place of Visions** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scotland the Place of Visions:

In Scotland: The Place of Visions, the renowned travel writer Jan Morris has collaborated once again with the great landscape photographer Paul Wakefield to give us a brilliant guided tour of Scotland, form the rich glens and rivers of the south, through the famous towns and cities of the centre, to the hard mountains of the north and the many islands and seas all around.
