Michael Kerrigan : Scotland Undiscovered: Landmarks, Landscapes Hidden Places before purchasing it in order to gauge whether or not it would be worth my time, and all praised Scotland Undiscovered: Landmarks, Landscapes Hidden Places:

Scotland's landscape is wildly diverse, ranging from towering mountains reflected in mirror-like lochs to ancient castles and bustling city streets. This wonderful book provides historic, geographic and arts-based text alongside captivating images of everywhere from the Borders in the south to Orkney in the north. The desirable, chunky format makes this an excellent travel companion for discovering both tourist destinations and lesser-known idyllic sites.
