Scottish Tourist Board : Scotland: Where to Stay Guide: Bed Breakfast (AA Scottish Tourist Board Accommodation Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Scotland: Where to Stay Guide: Bed Breakfast (AA Scottish Tourist Board Accommodation Guides):

0 of 0 people found the following review helpful. outdatedBy Bob McKayWas a 2004 edition - not aware of that. Was in fairly good condition for its age, but too old!20 of 20 people found the following review helpful. Not What It Appears to BeBy Eric R. BirdsallWe just received this book in preparation for our trip to Scotland in May. We're

disappointed. The only establishments included in the main body of the book are those which pay for the entry. There is a comprehensive list of all STB Approved properties in the back, but it's just that--a list, with no details. The (free) online listings at VisitScotland are more complete and easier to use.

A comprehensive guide to over 1700 bed and breakfast establishments in Scotland, this book features accurate, up-to-date information to suit all budgets. All entries, many of which are illustrated with a photograph, are quality assessed and graded, featuring the Scottish Tourist Board star classification scheme for bed and breakfast facilities. The book is arranged in alphabetical order within eight regions, each of which has introductory pages that detail events, area tourist board offices and tourist information centres. Covering BBs, guest houses, hotels, inns, lodges, restaurants with rooms and campus accommodation, the details include prices, payment methods, and leisure and business facilities.
