**E.P. Harrison : Scottish Estate Tweeds** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scottish Estate Tweeds:

1 of 1 people found the following review helpful. Great design sourceBy KimThis is great for textile inspiration. There are many photos of different designs in twill, herringbone, plain weave, combinations, etc. Obviously many many plaids. Would highly recommend for anyone into woven fabric. There are also fantastic descriptions and historical information.0 of 0 people found the following review helpful. Great book, love the historyBy Baking FoolGreat book, love the history. It was used but that gives it more credence as far as i am concerned!! Thanks.

Book by Harrison, E.P.
